SPILL CONTAINMENT

Talk to Amare Safety about Spill Containment Options
These products are manufactured from recycled and sustainably sourced cellulose fibres. This cellulose structure provides superior performance in speed and ease of clean up right through to disposal.

Absorbent W organic oil sorbents absorb oil-based liquids while repelling water and will float even when fully saturated. For cleaning up spills on dry land, in marine environments and in the rain.

12m Rescue Kit - 50m of rope. This Rescue Kit is manufactured using approved components in QSi's factory which carries the AS/NZS ISO 9001:2008 certification. Full details in store.

1-5 PERSON FIRST AID KIT
This small industrial kit is designed for 1-5 people and comes in either a soft pack or wall-mountable plastic box. It is well suited for mobile work crews, small engineering firms, automotive workshops, etc.
