

## 26 BONES IS BACK FOR 2019.

We've upgraded our IT system and that's kept us busy so we missed Jan & Feb  
In this March edition we have some new items and specials on equipment.

We're also gearing up for the Australian Podiatry Conference in Adelaide in May where we will introduce some great new products so get ready to see what is revealed in the next 2 months!

## THE NEW DR.'s REMEDY SHIPMENT IS HERE!

If you have Dr.'s Remedy Polish & Nail Care products in your practice you know how popular they are and the extra income that these sales bring in!

You will also know some of the best colours have been out of stock. Well not anymore...

## ALL COLOURS ARE BACK IN STOCK!

## MARCH REMEDY SPECIAL - 5% OFF ALL ITEMS

You can mix and match all colours and products in the range in order to get the extra discount.

As RRP is \$24.00 that's a great deal! For larger quantities give us a call!

### NEW COLOURS FOR 2019

**Magnetic Midnight**  
An intergalactic charcoal with glittery specks of multicolour shimmer. This mesmerizing lacquer is truly out of this world and perfect for when you feel like turning up the glam factor. It's pretty much glitz in a bottle.

See our website for all colours and descriptions

**Giving Garnet**  
A shimmer-flecked flash of bold crimson colour, this romantic hue is about as sweet as it gets. Sweep it on a single finger as an accent shade or go all-in with a ruby slipper-inspired mani. It's a celebration on your hands.

*Dr.'s Remedy Nail Polish and Nail Care is enriched with natural ingredients and can assist with treatment of dry, brittle nails. Also great for anyone looking to avoid harsh chemicals. Ok for diabetic patients & safe for use during pregnancy. Plus if you have strong, healthy nails they will stay that way!*

### SAFE TO USE DURING & AFTER LASER TREATMENTS

Speaking of which ...  
Our NEW neoV Laser will be available in April and will be on display at the Adelaide Podiatry Conference

A 10 watt laser using the 1064nm wavelength for the most effective treatment of Onychomycosis.

Extremely safe and simple to use with hi-res touch screen a small footprint.

Please contact us for more info.
