Looking for a fast, solution for grinding concrete?
The versatile 130mm Diamond Grinder and Dust Extraction System is your answer.

130mm Diamond Grinder
- Ideal for grinding of solid and mineral materials
- FastFix extraction attachment
- Sliding segment for working close to edges
- Brush ring for efficient dust extraction

Precise Removal
Remove the right amount of material every time with the adjustable depth setting guard.

Dust Free Work
Festoool’s Specialist Heavy Duty Dust Extractor with Auto-Clean function is designed specifically for removing dust generated from concrete cutting and grinding applications.

Precise depth setting
The precise depth adjuster takes just a few seconds to adjust the routing depth accurate to 1/10mm.

Time saver.
Tool-free copying ring changes and quick, easy cutter changes allow you to adapt the router to the workpiece efficiently.

Efficient dust extraction.
Used with a dust hood and a Festool dust extractor, up to 99% of all chips are extracted during edge routing, providing you with dust-free air.
