LIGHTEN UP

If your skin is normal to oily, it's a good idea to trade your rich winter cream for a lighter lotion in the warmer months to avoid any excess grease. But don't be tempted to ditch the moisturiser altogether – you want to keep your complexion hydrated. Instead, amp up your night-time routine to give your face a boost while you sleep, as your body works to repair damage caused during the day. A restorative serum, used under your regular night cream, is an easy way to maximise your rest time.

TRY: For day, consider Sisley *Émulsion Écologique* (12), \$255. At night, use Estée Lauder *Advanced Night Repair Synchronized Recovery Complex* (13), \$105.

MAKE MINE MINERAL

Mineral make-up is ideal for when the temperature rises. It's light, has built-in sun protection, and won't clog pores, even on the steamiest of days. It's also great for touch ups. Perfect your complexion in moments by buffing on *Skin O2 Medical Makeup Mineral Foundation in Sand* (15), \$62, and get your glow back with *L'Oréal Paris Glam Bronze Minerals Mineral Bronzing Powder in Blonde* (14), \$33.45.

NOURISH AND NURTURE

Restore parched limbs with a generous helping of body lotion after your shower, while your skin is still a little damp, to trap as much moisture as possible. If your skin is dry, try a nourishing formula, such as *Johnson's Extra Rich Body Lotion* (16), \$6.99, or treat normal skin with a lighter option, like *Dior HydrAction Corps Body Sorbet Emulsion* (17), \$65. ▶

MAKE UP STORE MAKES A WISH

MAKE UP STORE joined forces with **WISH** for their Spring Summer 2009 Show at the MCA Sydney recently. The look was all about flawless faces with smoky yet clean eyes. The high summer feel of the collection called for dewy, sun-kissed skin which was achieved with **LUMINOUS BRONZER WAND** and finished with Sugarpink blush and soft contouring with bronzer. Eyes were warmed up with a base of Gold Cybershadow and soft light brown shadow. Ghetto was applied through the eyelid (excluding the inner corner), extended out at outer corner and smudged softly towards the hairline. A layer of Old Gold shadow gave depth to the look. Full glossy lips were created with a soft pink base of lipstick in Exit and given a high gloss sheen with lip gloss in Crystal Lips. **Contact: Make Up Store (02) 9360 5885.**
